

Plaisted's Rain Garden Mix

- **Plaisted's 70-30 Rain Garden Mix** is composed of 70% washed clean construction sand and 30% organic leaf compost
Available at 3 metro locations
- **Custom ratios are available by special order** (*minimum quantity required*)

Plaisted's Rain Garden Mix is blended to make a homogeneous mix of 70 to 80% washed clean construction sand and 20 to 30% organic leaf compost. It is designed to collect water from pervious and impervious surfaces as well as filter out sediment and pollutants in this process. Other advantages: it stores water for the short term to be used by plants, and it permits clean water to infiltrate the soil and subsoil slowly, thus recharging the ground water.

Plaisted's 70-30 Rain Garden Mix is being blended at the following 3 metro locations:

- **North:** Plaisted Companies, 11555 205th Ave. NW, Elk River, MN 55330 (**More varieties available**)
- **East:** Barton Sand & Gravel, 14800 Hudson Blvd., West Lakeland Township, MN 55082
- **South:** Barton Sand & Gravel, 4000 160th Street W, Empire Township, MN 55024

Plaisted's Rain Garden Mix

• **Plaisted's Rain Garden Mix** is composed of washed sand and compost.

The **Accublender™ 4**

Plaisted Companies' four-bin computerized blender has been used to create this product. This unique blender has an on-board screen deck that removes oversized particles and a mechanical paddle wheel that insures uniformity. The computer automatically adjusts for flow rates of material and will stop the conveyor belt when feed bins run out of material. Computerized blending assures a consistent and accurate product... load after load.
